## IN THE NEWS

### Pool and Spa Updates

The pool and spa are currently undergoing necessary repairs and seasonal updates to ensure they are safe and enjoyable for all residents. While we are working diligently to complete this work as quickly as possible, the opening may be slightly delayed. Our goal is to open on or near May 1st, and we will provide updates should the schedule change.

### Common Area Lock System Upgrade

To enhance security and convenience, all common area locks will be replaced with a new electronic access system. Homeowners will need to exchange their current physical keys for electronic access fobs. Distribution details and dates for key exchanges will be announced soon. We appreciate your cooperation during this transition.

### SB 326 Balcony Inspection Update

The new SB 326 balcony report is completed and is now available to homeowners. The new report can be found on the Windsong Sonoma HOA community website, here: <https://windsongrp.com/announcements/>. The report is also available to view in your Appfolio portal within Shared Documents. Members are also welcome to visit our office for a printed copy, please note you will be charged for copying costs.
